

## PARK HOBO GAVE BLOOD TO SAVE A DUCTOR

Eminent New York Surgeon's Death Prevented by Sacrifice of Stranger Who Was Rewarded With \$50.

**New York Letter to Evening Herald**

New York, June 30.—The blood of an unidentified park bouncer has saved from death, for a time at least, Dr. George B. Lockwood, an eminent stomach specialist and himself a sufferer from ulcer of the stomach. Dr. Lockwood suffered a severe hemorrhage yesterday and after a hurried consultation it was decided that the blood of a healthy man was all that could save him. A hunt for available men from the usual sources proved徒劳 and finally the attending physicians went to Central Park and impounded bouncers whom they found there to help save the life of a man who had devoted his own life to alleviating the sufferings of others.

The offer of \$50 in cash proved tempting to men who had not the price of a bed or a breakfast and several of them were rushed in a taxicab to Doctor Lockwood's home. The man whose blood answered most perfectly to the required tests was selected and the transfusion was performed. Afterward it was said that Doctor Lockwood was much stronger and probably would recover.

Doctor Lockwood, although his name does not often appear in the press, has a wide reputation among his brother practitioners as a specialist in stomach disease. He was called in consultation in the case of Grover Cleveland and attended him for many months. He is particularly known as a skillful diagnostician.

### Jealous Woman Shot Three

Alicia Saglimone, 20, and recently married to Anthony Fiverrone, an admirer, in the street last night and approached him for not telling her that he was married. A crowd gathered as she berated him and by mutterings of a sexual urge led to greater agitation. She whipped out from the folds of her dress a revolver and fired three times. Each bullet struck a different man and Fiverrone, one of the wounded, died today. The others will recover.

When Alcietta saw what she had done she dropped her weapon, fled to the roof of a tenement and continued there to shoot off two policemen with harpoons. She was finally overpowered and locked up.

Cpl. Edward H. R. Green, son of Hetty Green, is making a journey of approximately six thousand miles to spend six hours in Dallas, Tex. The colonel left here last night to attend the meeting of the board of directors of the Texas Midland railroad of which he is president. There is no

Authorizes the search of "easy." And I suppose visitors are not coming in this out-of-the-way place? Superior Walkers—Hildegard they may—painfully so, most hot—Loudon opinion.

## GRAND JURY GOES AFTER VIOLATORS OF BOOZE LAW

Twenty-Three True Bills Are Returned After Deliberations Covering Two and a Half Days.

### Special Correspondence to the Herald

Roswell, N. M., June 30.—The special grand jury was excused yesterday afternoon, being in session two and a half days and returning twenty-three true bills; one against James O. Lynch, for the murder of City Marshal Hoy Wooster, and another selling liquor without a license; two against Joseph Atchison, of Denver, for the violation of the pharmacy law; one against Thomas Ogas, for assault with a deadly weapon; one against Joe Masten for carrying pistol and flourishing in a deadly manner; five charges each against Claude Lorane and Henry and Bob Styles for horse stealing.

While the grand jury asked for their dismissal Judge William H. Pope, did unusual thing by stating as the grand jury had done such good work, that he would make this special grand jury continuous until the regular term of the district court in November. This is the first time in New Mexico, that a grand jury has been made continuous.

In dismissing the jury Judge Pope said that he would reassemble it at any time in case further violations of the law made it necessary. The judge thanked the jury for its excellent work. It was apparent that in referring to further breaches of the law, the judge referred to the prohibition ordinances which have been violated from time to time.

J. S. Kirby, secretary of the Roswell Commercial club, has been active the past two days notifying the several clubs of the valley to send telegrams to Senator Joe Bailey of Texas to support the statehood bill. The various clubs have sent telegrams like the following:

"There is great depression in business on account of the statehood delay, we can have no extra session of the legislature to repeal bad laws; can have no election of state or county officials, as the enabling act deprives of this benefit until we become a state. We earnestly appeal to you for help."

A special Santa Fe train has been scheduled by the Modern Woodmen of America to haul the big crowd to Elton on the Fourth. The celebration is under the auspices of the Woodmen fraternality.

Frank H. Totzsch, who for five years has been bookkeeper in the Citizens National bank, has been made second assistant cashier and will have charge of the exchange department.

Rev. John H. May, D. D., L. L. D., the pastor of the Second Baptist church, and president of the Blackford school, has been given a call to the pastorate of the historic colored Baptist church at Lincoln, Nebraska. The colored divine will accept.

County Assessor Guy H. Herzer has totaled the assessment valuation of Chavez county, the figure being \$4,820,000, an increase of \$220,000 over 1910.

Ed J. Williams had gone to Boston, Mass., to represent the Roswell Ad Club in the annual convention of the National Ad Clubs of America which meets there in August. He has been instructed to vote for bringing the next annual convention to Dallas, Texas.

Very sincerely yours,

## JOERNS SUCCEEDS SOUTHERN PACIFIC C. V. SAFFORD

Clerk of Court at Raton to Become Traveling Territorial Auditor on July 1, Vice Safford. Resigned.

Santa Fe, N. M., June 29.—Governor Mills announced yesterday that John Joerns of Las Vegas has been appointed traveling auditor, vice Charles V. Safford, resigned.

Mr. Joerns is now clerk of the fourth judicial district and a short time ago was assistant traveling auditor. Although living temporarily at Las Vegas, he is a resident of Raton.

Governor Mills has made public the following correspondence between Mr. Safford and himself:

Santa Fe, N. M., June 19, 1911.

Hon. William J. Mills, Governor of New Mexico, Santa Fe.

Sir—I have been tendered a responsible position with the Bank of Commerce at Albuquerque, and believing that an acceptance will be greatly to my personal advantage—both financial and otherwise, have closed the offer and hereby tender my resignation as traveling auditor and bank examiner.

It is not without feelings of regret that I sever my business connections with your administration, as during my long service with the territory, my relations with both territorial and county officials have been of the most pleasant and in addition I have always taken a deep interest and pride in the work of the office.

I wish to thank you personally for the aid and advice you have always so willingly extended me, as have also your predecessors under whom I served. I desire also on this occasion to say that whatever measure of success has been achieved by the office, has been largely due to my able assistants and to the hearty co-operation of county officials and those in charge of financial institutions which came direct under the supervision of the department.

Again thanking you for the consideration that you have always shown me, I remain,

Respectfully,

C. V. SAFFORD,  
Traveling Auditor.

June 28, 1911.

Hon. C. V. Safford, Traveling Auditor and Bank Examiner, Santa Fe, N. M.

My Dear Mr. Safford—I am in receipt of your favor of June 19th in which you tender your resignation as traveling auditor and bank examiner of this territory, in order that you may accept the position of cashier of the Bank of Commerce at Albuquerque. You have filled so ably the position of traveling auditor for so many years that it was with deep regret I received your resignation.

At the same time as you really feel that the position which you contemplate accepting will be of much greater financial benefit to you I can do nothing else but accept your resignation which I now do. I will however, ask you to continue to hold this office until the first day of next July.

I assure you that I appreciate the ability and fidelity which you have shown in performing the duties of the office that you are about to retire from and I realize that a great responsibility will devolve upon me in selecting your successor. I wish you all sorts of success in your new position, and with assurances of my personal esteem I am, my dear Mr. Safford, as ever.

Very sincerely yours,

WILLIAM J. MILLS,  
Governor.

## FULL CREW BILL IS TO BE ENFORCED

Conductors Will Institute Proceedings Against Roads Failing to Comply With Law.

San Bernardino, Calif., June 29.—Twenty-six of the most modern type of locomotives, a part of the 196 ordered a year ago by the Harriman Lines, are now being delivered to the Southern Pacific company and within two weeks will be placed in operation over the heavy Stern Nevada and Tehachapi mountain grades.

The Pacific system of the Southern

Pacific company is to have 65 of these new iron monsters.

They are to be used on that part of the system under the jurisdiction of E. E. Calvin, vice president and general manager, with office at San Francisco. Calvin's jurisdiction extends west from Sparks, Nevada, to San Francisco; north to Ashland, Oregon, and south to El Paso, Texas.

The engines mean to the shipping and traveling public a saving of thousands of dollars. They will expedite the transportation of fruit to all points in the country, saving much money to the grower and shipper by making deliveries in perfect condition and securing for the producer top prices. Several hours consumed in traveling over these heavy mountain grades will be cut from the passenger schedules of the company by the engines.
